Shine Maung Oo

Full-Stack Web Developer

Full-Stack Web Developer with 1 year and 5 months of hands-on experience in designing and maintaining responsive websites within the technology and service industries but passionate Front-end . Highly proficient in HTML, CSS, JavaScript, Bootstrap, WordPress and Laravel. Experience in Tailwind, Vue.js, React.js and Laravel Filament. Committed to enhancing the accessibility and usability of modern websites. A meticulous attention to detail drives my dedication to excellence in every project. Currently, I am also gaining valuable experience in backend development by working with Laravel and Laravel Filament, where I contribute to building robust and user-friendly web applications.
